

Dear parent

Greetings to you!

The year 2020-21 has been a tumultuous year for all of us and especially for our young learners; our children who were forced to stay back at home and study online. I am sure we would all agree that teaching-learning best takes place when the teacher and the student interface. We are sensitive to the fact that both children and teachers along with you have weathered it all and ensured that learning goes on for our future generation. Teaching and learning online was a challenge. However, we acknowledge all the good thoughts that you shared with us and it is this appreciation from you that enables my team to perform better.

In the meantime, our teachers are busy at school planning and working on the planner and the bridge programmes for the new year so that all learners have a quick recap of the concepts done last year before they move ahead with the higher grade concepts. At Navkis, we believe that a strong foundation will enable our children to excel in the rest of the years ahead. Therefore, we have built on a Bridge programme for all levels before they get into the regular scheme.

As you are well aware, at NEC Bangalore the child is focus for us and we spare no efforts to ensure that the children are afforded the best. The safety of our children has been foremost for us and based on the Government directives we shall go ahead and start classes online or offline or hybrid model in time. At no cost would we want to cut down their learning pace and let me hasten to add that this year, we will ensure that children are doubly comfortable with their learning whichever mode we opt for. A strong base is a good foundation for higher learning!

Based on the request of parents, we will keep the portals open for the following academic year fee and this is an earnest request that we opt for online payment option only and avoid visiting the campus unnecessarily. The payment gateway will be opened for the new academic year from the 26th of April, 2021. All TC requests are accepted only upto April, 30, 2021. For those parents who would like to know more about our programmes and updates, please do feel free to contact me or visit our website: <https://navkisedu.com/home>

At Navkis we have a sustained model of education and you are well aware that we did not increase the fee of children for the last 3 years and have not done so for this academic year either. We appreciate the Management for standing by us through these tumultuous days. I urge you to pay the fee online and avoid coming to the campus for safety and precaution. All details of commencement of classes will be posted on the website and guidelines for classes shared with you separately.

We look forward to partnering with you in this exciting journey of your child and would be happy to have your child safe and secure back with us at NEC, Bangalore as we nurture him/her further. Until then stay safe!

Best regards,

Ms. Lalitha Murthi

Principal
