

Dear parent

Greetings to you!

The year 2020-21 has been a tumultuous year for all of us and especially for our young learners; our children who were forced to stay back at home and study online. I am sure we would all agree that teaching-learning best takes place when the teacher and the student interface. With the little toddlers the year has been worse and we are well aware of the challenges that await us.

In the meantime, our teachers are busy at school working on a foundation programme for the little ones when they begin Grade I from the following academic year. Grade I is formal schooling for these little ones and from here begins their training for the rest of the years. At Navkis, we believe that a strong foundation will enable our children to excel in the rest of the years ahead. Therefore, we have built on a Bridge programme as the children join us and will build on their 4 skills of LSRW through this programme before they get into the regular scheme.

As you are well aware, at NEC Bangalore the child is focus for us and we spare no efforts to ensure that the children are afforded the best. The safety of our children has been foremost for us and based on the Government directives we shall go ahead and start classes online or offline or hybrid model in time. At no cost would we want to cut down their learning pace and let me hasten to add that this year, we will ensure that children are doubly comfortable with their learning whichever mode we opt for. A strong primary school programme is a good foundation for children!

As has been customary, admission to Grade I is always on preference to our own students who graduate from KKA, Bangalore and only then do we leave it open to outside parents and students. For those parents who would like to know more about our programmes, please do feel free to contact me or visit our website: <https://navkisedu.com/home>

Admissions are now open and you can complete all formalities either by visiting the website and downloading the forms and submitting it at the office and once the admission is confirmed, please do pay the fees online and avoid coming to the campus for safety and precaution. Books can be collected from the office thereafter. We would appreciate you completing all the formalities on or before the 15<sup>th</sup> of May 2021, so that we can keep all the required resources ready for the child, be it online or offline. All details of commencement of classes will be posted on the website and guidelines for classes shared with you separately.

We look forward to partnering with you in the exciting journey of your child and would be happy to have your child safe and secure back with us at NEC, Bangalore as we nature him/her further. Until then stay safe!

Best regards,

Ms. Lalitha Murthi

Principal
